

Compact Hair Dryer with Adjustable Heat and Speed Settings

This hair dryer offers two speed and three heat settings, accommodating different hair types and styling preferences. It is equipped with a DC motor and a safety cut-off feature.

Product Overview

Compact and Ergonomic Design

This compact hair dryer is designed for both efficiency and ease of use in professional or personal settings. Featuring an ergonomic grip for comfortable handling, it includes a concentrator nozzle that allows for precise, focused airflow. The unit is built with safety in mind, incorporating a rear grill to prevent hair intake during operation.
