

Compact Handheld Vacuum Cleaner

This compact vacuum cleaner is designed for quick and easy cleaning of small areas. It features a translucent dust collection chamber and a docking station for charging and storage.

Product Overview

Compact Handheld Efficiency

The CP-SW100 is a versatile handheld vacuum cleaner engineered for quick and efficient maintenance of small spaces. Its ergonomic design ensures comfortable handling, while the integrated docking station provides a convenient solution for both charging and organized storage. Featuring a translucent dust collection chamber, users can easily monitor fill levels for timely emptying, making it an ideal tool for professional desk, vehicle, or small-area cleaning.
