

# Compact Laser Engraving Machine for Arts and Crafts

This compact laser engraving machine is designed for small-scale arts and crafts projects. It features a user-friendly control panel and compatibility with standard design software.

## ADDITIONAL IMAGES

## Overview

### Professional Compact Laser System

This versatile CO2 laser engraving and cutting machine offers a generous 900x600mm working area, making it ideal for precision arts and crafts. With adjustable material clearance up to 270mm and motorized vertical adjustment, it accommodates a wide range of thicknesses for varied projects. The system supports a broad spectrum of industry-standard design software and integrates essential safety features to meet international regulatory requirements.

## Performance Metrics

### Operating Performance

**1000 mm/s**

Max Engraving Speed

**600 mm/s**

Max Cutting Speed

**0.01 mm**

Positional Accuracy

## Technical Specifications

Working Area	900 x 600 mm
Standard Laser Power	60 W
Max Material Height	270 mm
Laser Tube Lifespan	3000-4000 hours (Standard) / 8000-10000 hours (Reci)

## Compatibility

Supported Software	ArtCut, PhotoShop, CorelDraw, AutoCAD, Lasercut
--------------------	---

## Compliance

### Certifications

CE • FDA

## Included Equipment

### Standard Included Items

- Dual red dot pointer
- Water pump
- Air pump
- Exhaust fan
- Knife working table with funnel
- Toolkit with CD manual
