

Compact Pink and Gray Patterned Speakers

These compact speakers are designed for audio output. The speakers feature a pink frame, a gray patterned front panel, a circular grill, and a small rectangular opening at the bottom.

Product Overview

Compact Audio Solution

These compact speakers offer a blend of functional audio performance and unique aesthetic design. Featuring a distinct pink frame contrasted with a gray patterned front panel, they are an ideal choice for desk setups or small audio installations. Designed for compatibility with computers and various audio devices, they provide a stylish upgrade to standard speaker hardware.
