

Compact Portable Spin Dryer

This compact spin dryer is designed for efficient laundry drying. It quickly removes excess water from clothes, reducing drying time and saving energy.

Product Overview

Efficient Drying Solution

The T60-18 Compact Portable Spin Dryer is designed for efficient laundry processing in space-constrained environments. With a 6.0kg capacity, this unit quickly extracts excess moisture, significantly reducing overall drying time and saving energy. Its robust design and user-friendly operation make it an ideal choice for small apartments, dormitories, and mobile living spaces.
