

Compact Refrigerator for Small Spaces

This compact refrigerator is designed for small spaces, offering convenient cooling and storage solutions. Its efficient design maximizes interior space while maintaining a small footprint.

Overview

Compact Cooling Solution

The BC-48H is a compact refrigerator designed for small spaces, offering convenient cooling and storage solutions. Its efficient design maximizes interior space while maintaining a small footprint, making it ideal for dorm rooms, offices, or personal use. With features like adjustable shelves, a reversible door, and low-noise operation, it provides a practical and space-saving refrigeration solution for any environment.

Key Features

Key Features

- Adjustable shelves
- Reversible door
- Low-noise operation
- Interior light
- Adjustable temperature control

Performance

Energy Efficiency

Energy-efficient • Low Power Consumption

Physical Attributes

Portability
