

Compact Single Door Freezer

This compact, single-door freezer is designed for efficient storage in limited spaces. It features adjustable shelves and a temperature control system for optimal preservation.

Product Overview

Compact Single Door Freezer

This compact single-door freezer is engineered for efficient storage in limited spaces, making it an ideal solution for offices, commercial environments, or home use. It features a transparent, triple-glazed glass door with heat film for optimal visibility and energy efficiency. Designed for reliability and ease of use, the unit includes a self-closing door, a self-evaporating drip tray, and low-maintenance condenser technology.

Design & Features

Key Features

- Triple glazed glass door with heat film
- Standard LED illumination
- Low-maintenance condenser
- Self-closing door
- Self-evaporating drip tray
