

Compact Skid Steer Loader

This compact skid steer loader has a maneuverable movement, making it suitable for narrow space operation. It features an open cabin with a mechanical control system.

Product Overview

Compact Performance Loader

This compact skid steer loader is engineered for versatility and high-efficiency material handling in confined job sites. Featuring a robust 60 HP engine and a 75 L/min hydraulic flow system, it provides the necessary power for demanding lifting and digging tasks. Its compact footprint, combined with a 3150 kg operating weight, ensures excellent maneuverability without compromising stability or performance.

Technical Specifications

Machine Details

Specification	Value
Weight	3150 kg
Max. Travel Speed	12 km/h
Grade Ability	20 °
Bucket Capacity	0.4-0.5 m3
Fuel/Hydraulic Oil Capacity	60/60 L
Tire Size	12-16.5

Dimensions

Operating Dimensions

Dimension Type	Measurement	Unit
Height at Max Extension	3690	mm
Hinge Pin Height	2920	mm
Total Height	2080	mm
Length with Bucket	3440	mm
Length without Bucket	2630	mm
Width with Bucket	1820	mm
Track Width	1500	mm
Wheelbase	991	mm
Ground Clearance	205	mm
Dumping Height	2330	mm
Maximum Reach	710	mm
