

Compact Twin-Tub Washing and Spin Dryer

This compact twin-tub washing machine is designed for efficient washing and drying. It features separate tubs for washing and spin-drying, with individual timers and controls.

Product Overview

Compact Twin-Tub Efficiency

This compact twin-tub washing and spin-dryer provides a space-saving solution for efficient cleaning and moisture removal. Designed for light laundry loads, it features dual independent tubs that allow for simultaneous washing and drying operations. Its durable plastic construction ensures a lightweight build while maintaining reliable mechanical performance for small-scale applications.

Technical Specifications

Design Configuration	Twin-tub washing and spin-dryer
Housing Material	Durable plastic
Operation Type	Simple mechanical timers

Application

Recommended Use	Small spaces, Light laundry loads, Efficient washing, Quick drying
