

Compact Twin Tub Washing Machine

This compact twin tub washing machine features separate tubs for washing and spin-drying. It has a durable plastic shell and offers both standard and gentle washing procedures.

Overview

Compact Twin Tub Efficiency

This compact twin-tub washing machine offers a space-saving laundry solution featuring separate tubs for washing and spin-drying. Built with a durable, rust-proof plastic shell, it utilizes a large asymmetric high impeller to create a centrifugal vortex flow that prevents winding. The unit includes advanced features such as a mobile villous filter and fragrance-infused impeller material for a cleaner, fresher wash.

Technical Specifications

Washing Capacity	8 kg
Dehydration Capacity	5 kg
Power Consumption	0.0218 kWh/cycle/kg
Water Consumption	26.4 L/cycle/kg

Performance Metrics

Key Performance Indicators

0.804

Cleaning Rate

71.6 %

Dehydration Property

4000 cycles

Failure Free Operation

Electrical & Safety

Electrical Requirements

Parameter	Value
Rated Voltage	220V
Rated Frequency	50 Hz
Washing Power	400W
Dehydration Power	160W

Safety Ratings

IPX4 Waterproof, Anti-Shock Class I, Energy Efficiency Level 3

Dimensions & Weight

Physical Dimensions

Metric	Value (mm/kg)
Outline Dimensions	780 x 440 x 870
Packing Size	800 x 475 x 890
Net Weight	20kg
Gross Weight	23kg

Operations

Noise Levels

- Washing Noise: 60.3 dB
- Dehydration Noise: 71.4 dB
