

# Compact Two-Door Refrigerator

This compact refrigerator features a two-door design with a separate freezer compartment. It is engineered for energy efficiency, making it suitable for various living conditions.

## Product Overview

### Compact Two-Door Refrigeration Solution

This compact two-door refrigerator is designed for energy efficiency and versatility in various environments. It features a high-efficiency refrigeration system and a durable wire tube evaporator for reliable cooling performance. With anti-bacterial materials used in the inner tank and handle, this unit promotes a hygienic storage environment for your food items.

## Key Features

The high-efficiency condenser coil features a multi-pass serpentine configuration for optimal heat transfer and energy performance.

### Key Features

Energy Saving, High-Efficiency Refrigeration, Anti-Bacterial Interior, Wire Tube Evaporator

## Performance Data

### Performance Comparison

Specification	BCD-156K	BCD-166K
Net Volume (L)	156	166
Deep Freezing Volume (L)	52	47
Rated Input Power (W)	100	100
Energy Consumption (Kw.h/24h)	0.54	0.54
Star Rating	3	3

### Rated Input Power

**100 W**
