Overview

Compact Upright Freezer

This compact upright freezer is an ideal solution for businesses and homes requiring dependable, space-saving cold storage. Utilizing advanced fast-freeze technology and optimized cooling systems, it ensures food freshness while maintaining extremely low noise levels. With its anti-bacterial design, energy-efficient operation, and durable easy-clean coating, it provides both functionality and long-term cost savings.

Technical Specifications

Model Number	BD-40U
Capacity	40 L
Climate Type	N-T
Compressor Gas	R600a/R134a

Logistics

Packing Dimensions	500*465*535 mm
Minimum Order Quantity	1 x 40HQ
Loading Capacity	600 PCS/40HQ
