Product Overview

Compact Multi-Purpose Wheel Loader

This versatile compact loader is engineered for high efficiency in narrow spaces and indoor environments. Equipped with a robust hydraulic system and compatibility with a wide range of accessories, it serves as an all-in-one solution for diverse construction and handling tasks. The machine emphasizes operator safety, simplified controls, and the ability to replace manual labor with rapid, cost-effective performance.

Performance Metrics

Core Capacity

748 kg

Tipping Capacity

374 kg

Operating Capacity (50%)

10.8 km/h

Travel Speed

Dimensions

Machine Dimensions

Dimension	Value
Height	1297
Length without Attachment	1969
Width (23x8.5-12)	1080
Wheel Base	775

Operational Geometry

Geometry & Clearance

- Dump Angle at Max Height: 37°
- Angle of Departure: 22°
- Rollback at Carry Position: 20°
- Ground Clearance: 193 mm
