Overview

Professional Compact Wheel Loader

This high-performance compact wheel loader is engineered for demanding material handling tasks in construction, agricultural, and landscaping environments. With a 2000kg rated load and a powerful turbocharged 4-cylinder engine, it delivers excellent breakout force and efficiency in confined spaces. The unit features an advanced hydraulic system and a user-focused ergonomic design to maximize productivity and operator comfort on site.

Performance

Key Operational Metrics

2000 kg
Rated Load

6720 kg
Overall Weight

1.2 m³
Rated Bucket Capacity

3600 mm
Max Dumping Height

Engine and Power

Engine Specifications

Feature	Value
Model	YUNNEI 4102
Type	Turbocharged 4-Cylinder
Rated Power	70kW @ 2400r/min
Max Torque	300 N.m

Drive and Transmission

Transmission Configuration	2 forward, 2 reverse gear shift
Maximum Speed	23 km/h

Hydraulic and Braking

Hydraulic Working Pressure	16 MPa
Service Brake Type	Air over hydraulic disc brake on 4 wheels

Dimensions

Overall Dimensions (L x W x H)	6770 x 2205 x 2920 mm
