Overview

Efficient Urban Waste Management

This compactor garbage truck is designed for reliable waste collection in urban and residential environments. Featuring a robust 5CBM carbon steel tank and a powerful hydraulic compaction system, it maximizes load capacity for efficient disposal operations. The compact 4x2 chassis ensures excellent maneuverability on city streets, while the user-friendly design supports quick loading and dumping cycles.

Performance Metrics

Operational Efficiency

5 CBM

Tank Volume

90 km/h

Max Speed

82 hp

Horse Power

Vehicle Specifications

Dimensions & Weight

Parameter	Value
Overall Dimension	6580 x 2100 x 2520 mm
GVW	7360 kg
Curb Weight	5380 kg
Wheelbase	3300 mm

Drivetrain Configuration 4x2 Driving Type, LHD Steering, 6-Speed Manual, Diesel

Tire Configuration 7.00-16 (6+1 Tires)

Engine & Performance

Engine Specifications

- Emission Standard: Euro 3
- Displacement: 3700ml
- 4-Stroke, 4-Cylinders In-line
- Water Cooling System

Compaction System

Compaction Performance

Feature	Specification
Compress Rate	0.6-0.8 ton/CBM
Recycle Time	d 2 3
Dumping Time	d 3 6
Tumbler Mechanism	Two 240L Garbage Bins
