

Concrete Cutter

This concrete cutter is designed for cutting concrete and asphalt surfaces. It features a wheeled frame for portability and a blade guard for safety.

Overview

Professional Concrete Cutting Solution

This heavy-duty concrete cutter is engineered for precision and efficiency in demanding construction and roadwork environments. Featuring a robust wheeled frame, it offers excellent portability and maneuverability for asphalt or concrete surface cutting. The integrated safety guard and water cooling system ensure reliable performance, reduced dust emission, and extended blade life during intensive cutting operations.

Technical Specifications

Design Features

- Wheeled frame for mobility
- Safety blade guard
- Water cooling system
- Ergonomic operator handle

Key Performance Metrics
