Overview

Professional Concrete & Asphalt Cutter

This robust concrete cutter is engineered for high-performance cutting on concrete and asphalt surfaces. Featuring a reliable gasoline engine and a substantial 35L water tank for dust suppression, it is designed for demanding construction and road maintenance environments. With adjustable cutting depth capabilities up to 13cm, it delivers precise results for a variety of demolition and infrastructure projects.

Technical Specifications

Compatible Blade Diameters

- 300
- 400
- 450

Maximum Cutting Depth	13 cm
Net Weight	116 kg
Water Tank Capacity	35 L

Power & Performance

Key Performance Metrics

7.5 HP

Engine Power

Engine Compatibility	Honda, Loncin
