

# Containerized Generator Set, 10-3000 kVA

This generator set is available in containerized and open configurations. It provides a power range of 10-3000 kVA.

## ADDITIONAL IMAGES

## Overview

### Industrial Power Solutions

This versatile generator set series offers scalable power output ranging from 10 kVA to 3000 kVA, suitable for a wide array of industrial and commercial applications. Engineered for reliability and ease of maintenance, these units are available in both containerized and open-type configurations to meet specific site requirements. The robust design ensures consistent performance and safety, making it an ideal choice for backup or primary power generation needs.

## Technical Specifications

### Power Output Range

**10 kVA**

Minimum Power

**3000 kVA**

Maximum Power

### Design & Safety Features

- Robust protective enclosure
- Ventilation grills
- Integrated control panel with viewing window
- Emergency stop button
- Safety indicators

### Available Configurations

Containerized, Open Type

### Model Reference (Example)

WDG-YC200
