

Continuous Rim Diamond Saw Blade for Stone Cutting

This diamond saw blade is designed for cutting stone and features a continuous rim for smooth cuts. It is suitable for wet cutting and engineered for high-speed performance with angle grinders and tile saws.

Product Overview

Precision Stone Cutting Performance

This continuous rim diamond saw blade is engineered for high-speed, smooth cutting performance on various stone materials. Featuring a reinforced core for enhanced stability and a continuous rim design, it ensures clean and precise results. Designed for versatility, this blade is compatible with angle grinders and tile saws, making it an essential tool for professional stone fabrication and installation.

Technical Specifications

Diameter	4.5 inch
Arbor Size	7/8 inch
Thickness	0.25 inch

Performance Metrics

Maximum Speed

13300 RPM
Max RPM

80 m/s
Max Peripheral Speed

Usage & Compatibility

Cutting Method

Wet Cutting

Compatible Tools

- Angle Grinders
- Tile Saws

Primary Application

Stone Cutting
