Product Overview

Professional Corded Angle Grinder

This 100 mm corded angle grinder is engineered for efficient grinding and cutting applications in metalworking and construction environments. It features a robust design with a labyrinth dustproof system to protect the bearing block and extend tool longevity. Equipped with an anti-oil leakage O-ring structure, this tool ensures reliable performance and durability for demanding tasks.

Performance Metrics

Key Performance Indicators

11000 rpm

No-load Speed

750 W

Power Output

Technical Specifications

Design & Durability

- Labyrinth dustproof bearing block design
- Anti-oil leakage O-ring structure
- Rear switch configuration for reliable operation

Suitable Applications

Grinding, Cutting, Polishing, Metalworking, Construction
