

Corded Angle Grinder

This angle grinder is a power tool designed for cutting, grinding, and polishing. It features a robust motor, ergonomic design, and safety features.

Overview

High-Performance Corded Angle Grinder

This 1400W corded angle grinder is engineered for demanding cutting, grinding, and polishing tasks across metalworking and construction environments. Featuring a variable speed range of 3000-11000 RPM, it offers the versatility needed for various material applications. Its robust design ensures durability under heavy loads, making it an essential tool for professional-grade projects.

Technical Specifications

Power Output

1400 W

Rated Power

Compatible Disc Diameters

- 125
- 150

Speed Range

3000 - 11000 RPM

Spindle Size

M14

Model Number

8100UC

Applications

Primary Applications

Metalworking, Construction, Cutting, Grinding, Polishing
