

Corded Demolition Hammer

This corded demolition hammer delivers high impact energy for breaking concrete and asphalt. It features durable construction and ergonomic handles for comfortable use in demanding conditions.

Product Overview

Heavy-Duty Demolition Performance

This corded demolition hammer is engineered for demanding construction and demolition tasks, offering high impact energy for breaking through concrete and asphalt. Designed for professional use, it features a robust construction to withstand harsh job site conditions while prioritizing operator comfort. The tool includes ergonomic handles and convenient features like a lock-on switch to reduce fatigue during extended operation.

Technical Specifications

Impact Rate

1900 min
Impacts

Power Input	1700 W
Voltage	220-240V~50-60Hz
Tool Holder Type	HEX-30

Features

Key Features

- HEX-30 tool holder for fast manual fastening
- Lock-on function for continuous operation
- Ergonomic soft grip handle
- Includes Blow Molded Case (BMC)

Compliance

Certifications	CE
