

Corded Electric Hammer Drill

This corded electric hammer drill is designed for drilling into various materials including wood, metal, and masonry. It features a variable speed trigger, a side handle for improved control, and a robust chuck for secure bit retention.

Product Overview

Professional Corded Hammer Drill

This corded electric hammer drill is a versatile tool engineered for drilling into wood, metal, and masonry. Designed for both DIY enthusiasts and professional users, it features a variable speed trigger and a side handle for enhanced control and precision. With its robust chuck and double-insulated construction, it ensures reliability and safety during demanding tasks.

Technical Specifications

No Load Speed

2800 r/min

Max Speed

Power Input	500 W
Voltage	220V-50Hz

Performance

Drilling Capacity

Material	Max Capacity
Steel	10mm
Concrete	13mm
Wood	20mm

Features

Safety Features

Double Insulated

Model Details	KD500
