

Corded Impact Drill 500/600W

This corded impact drill is designed for industrial applications. It features a 13mm chuck, a no-load speed of 0-2800 RPM, and a rated power of 500/600W.

Overview

Industrial-Grade Performance

This corded impact drill is engineered for demanding industrial environments, offering reliable power for both impact and plate drilling tasks. With a versatile voltage range and a robust motor, it ensures consistent performance across various professional applications. Its durable design and high-speed capabilities make it an essential tool for heavy-duty drilling operations.

Technical Specifications

Rated Power

600 W

Max Rated Power

Chuck Capacity	13 mm
No Load Speed	0-2800
Voltage Range	100-230

Features

Key Features

- Strong power output
- Three-block integration

Suitable Applications	Industrial-grade impact drilling, Plate drilling
