

Corded Mattress Vacuum Cleaner with UV Sanitization

This corded vacuum cleaner is designed for removing mites, dust, and bacteria from mattresses. It utilizes UV light for sterilization and features a 5-meter cord for extended reach.

Overview

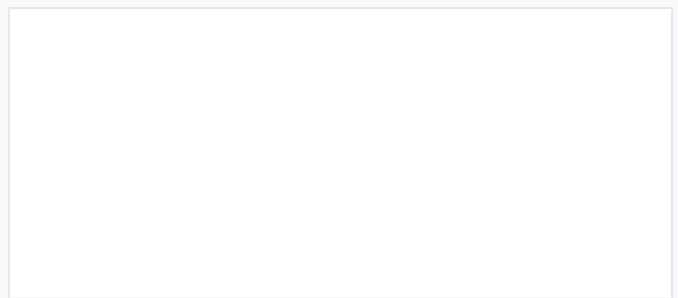

Professional UV Sanitizing Mattress Vacuum

This high-performance corded vacuum cleaner is specifically engineered to eliminate mites, bacteria, and allergens from mattresses and upholstery. Combining 12,000 Pa suction power with high-frequency flapping at 8,000 R/min, it dislodges deeply embedded debris for a comprehensive clean. The integrated UV-C sterilization system and dual-stage HEPA filtration ensure a hygienic sleeping environment for professional and household use.

Performance Metrics

The 450W high-speed motor features precision engineering and suspension shock absorbers to keep noise levels below 65dB.

Powerful 12,000 Pa suction combined with 8,000 R/min high-frequency flapping removes mites and dust from deep corners.

Key Performance Metrics

450 W

Max Power

12000 Pa

Suction Pressure

8000 R/min

Flapping Frequency

65 dB

Max Noise Level

Sanitization & Filtration

The dual filtration system achieves 99.97% efficiency, while the UV-C light provides deep sterilization with safety auto-off sensors.

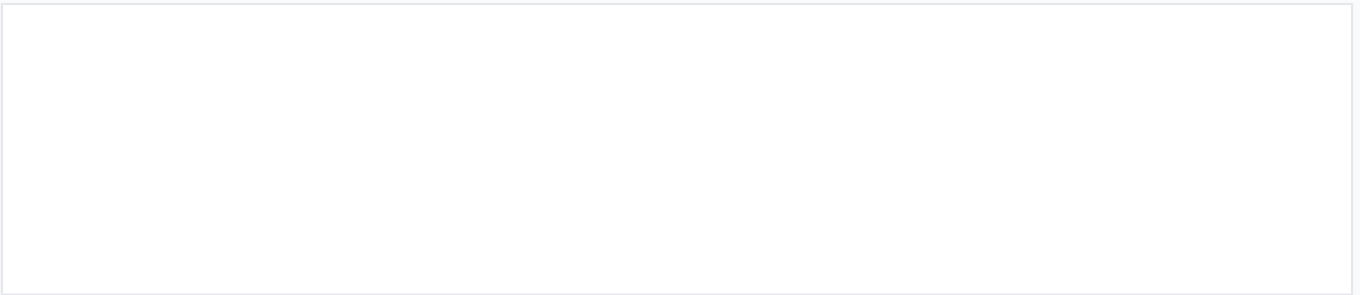

Dual-Stage Filtration

- Primary: Stainless steel filter for visible dust and large particles
- Secondary: High-efficiency HEPA filter for 0.3 µm small particles
- Total Efficiency: 99.97%

UV-C Sterilization

Equipped with UV-C light and infrared sensors that automatically shut off the lamp when lifted 5cm from the surface to prevent leakage.

Design & Ergonomics

Features a 0.4L visible dust cup and status indicator lights for easy maintenance and operation monitoring.

Power Cord Length	5 m
Dust Cup Capacity	0.4 L
Special Features	Brushless Suction Head, Visible Dust Cup, Detachable & Washable, Battery Indicator Light, UV Flapping Light, Suspension Motor Shock Absorbers
Flapping Mechanism	Round dentation flapping mode on both sides to prevent fabric scratching and hair entanglement.
