

Cordless 18-Gauge Stapler Nailer

This cordless 18-gauge stapler nailer is a versatile 2-in-1 tool for fastening applications. It is compatible with 18-gauge brad nails and narrow crown staples, providing cordless operation for freedom of movement.

Product Overview

Professional Cordless Fastening Solution

This 18-Gauge Cordless Stapler and Nailer offers the freedom of cordless operation, eliminating the need for cumbersome hoses or compressors. Designed for versatility, it handles both staples and brad nails, making it an ideal choice for cabinetry, upholstery, and trim work. With safety features like an anti-air-fire mechanism and selectable firing modes, it ensures both precision and operator safety on the job site.
