Overview

Versatile 2-in-1 Gardening Solution

This cordless 2-in-1 pole tool is designed for efficient garden maintenance, combining the functionality of a pole saw and a hedge trimmer in a single, flexible unit. Powered by an 18V system, it eliminates the constraints of cords, allowing for greater freedom of movement across landscapes. With an adjustable telescopic handle and a multi-position pivoting head, it provides the reach and precision needed for pruning branches and shaping hedges with ease.

Power & Performance

Performance Metrics

1900 spm

Hedge Trimmer Speed

3.76 m/s

Chain Speed

Rated Voltage

18 V

Design & Reach
