

Cordless 3-in-1 Leaf Blower Vacuum Mulcher

This cordless tool functions as a leaf blower, vacuum, and mulcher for versatile yard maintenance. It efficiently clears leaves and debris, collecting them into an attached bag while reducing volume through mulching.

Overview

Versatile 3-in-1 Yard Maintenance

This cordless 3-in-1 leaf blower, vacuum, and mulcher is designed for efficient yard maintenance, offering the freedom of cordless operation without the hassle of power cords. It features a powerful 36V system that handles blowing, vacuuming, and mulching debris with ease. With an ergonomic design and adjustable settings, it provides comfortable handling and customizable performance for various outdoor tasks.
