

Cordless Angle Grinder

This cordless angle grinder is suitable for grinding and cutting applications in various materials. It features an ergonomic grip and durable construction.

Product Overview

High-Performance Cordless Grinding

This cordless electric angle grinder is designed for versatility and mobility in professional grinding and cutting applications. Featuring an ergonomic grip and a compact, durable construction, it provides the reliability needed for demanding tasks on various materials. The cordless design eliminates the need for nearby power sources, enhancing efficiency and safety on the job site.

Technical Specifications

Power Source	Battery-powered (Cordless)
Tool Type	Angle Grinder

Design & Ergonomics

Handle Configuration	Side Handle
Key Design Features	Ergonomic Grip, Compact Design, Durable Construction

Applications

Intended Uses

- Grinding
- Cutting
