

Cordless Angle Grinder with 20V Lithium-Ion Battery

This cordless angle grinder is a versatile power tool for grinding, cutting, and polishing. It features a high-performance motor powered by a 20V lithium-ion battery.

Product Overview

Professional Performance

This cordless angle grinder is a versatile power tool engineered for efficient grinding, cutting, and polishing across a variety of materials. Powered by a high-performance 20V lithium-ion battery, it provides the perfect balance of ample power and extended runtime for demanding tasks. Designed with ergonomics in mind, it features an auxiliary handle for superior control, making it an ideal choice for both professional construction sites and serious DIY applications.

Technical Specifications

Primary Applications

- Grinding
- Cutting
- Polishing

Voltage

20 V

Rated Voltage

Power Source

20V Lithium-Ion Battery

Key Features

Cordless, High-Performance Motor, Ergonomic Design, Safety Guard
