

# Cordless Concrete Nailer

This cordless concrete nailer is designed for fastening into standard and hard concrete, as well as steel. It features tool-free depth adjustment and a removable magazine for easy jam clearing.

## ADDITIONAL IMAGES

## Overview

### Professional Cordless Performance

This high-performance cordless concrete nailer is designed for efficiency and mobility on demanding job sites. Featuring a powerful motor with 20,000V ignition, it delivers 30% higher power for cleaner combustion and consistent flush drives. The tool eliminates the need for hoses or compressors, providing true cordless convenience for navigating complex work environments.

## Technical Specifications

### Impact Force

**125 J**

Maximum Impact

Weight	3 kg
Dimensions (L x W x H)	374mm x 380mm x 107mm
Magazine Capacity	60
Actuation Pressure	4.6 kg

## Power & Battery

Battery System	7.4V Lithium-ion
Fuel Cell Life	1000 shots minimum

## Certifications

Certifications  
CE Approved • ISO 9001

## Compatibility

### Compatible Fasteners

Application	Lengths	Shank Diameter
Standard Concrete (C25)	20mm, 26mm, 30mm, 40mm	2.65mm
Hard Concrete (>C25) & Steel	16mm, 17mm, 22mm, 27mm, 32mm	3.10mm

## Features

### Key Features

Cordless Operation, Tool-free Depth Adjustment, Tool-free Jam Clearing, Belt Hook, 20,000V Ignition
