

Cordless Electric Kettle

This cordless electric kettle provides rapid water heating for various beverages and culinary needs. It is equipped with an automatic shutoff function for enhanced safety and ease of use.

Product Overview

Premium Canned Vegetables

This selection of high-quality canned vegetables features carefully prepared bamboo shoots and water chestnuts, designed for convenient culinary use. The bamboo shoots are available in a savory braised style, while the water chestnuts are preserved in clear water to maintain their crisp texture. These products are processed to ensure longevity and ease of preparation for professional kitchens and food service applications.
