

Cordless Electric Kettle with Rapid Boil

This electric kettle features a cordless design for convenient pouring and filling. It is equipped with a rapid boil system and automatic shut-off for enhanced safety.

Product Overview

A Blend of Classic Aesthetics and Modern Performance

This cordless electric kettle combines a beautiful, renaissance-inspired design with reliable, high-performance functionality. Crafted from food-grade SUS304 stainless steel, it ensures your water remains free from harmful substances while offering a humanized, user-friendly experience. With its rapid boil capability and unique spout design for smooth pouring, it is an ideal addition to any kitchen or office environment.
