

Cordless Electric Screwdriver with LED Work Light

This cordless screwdriver is compact and lightweight, suitable for a variety of fastening applications. It features an integrated LED work light to illuminate dark work spaces and a quick-change chuck for fast bit replacement.

Product Overview

Professional Cordless Performance

This compact cordless electric screwdriver is engineered for efficiency and precision in various fastening applications. Featuring an integrated LED work light, it ensures optimal visibility in low-light environments, while the rubber over-moulded grip provides superior ergonomics and control. Powered by a reliable 3.6V battery, this tool includes a convenient bit cylinder with six common 25mm bits for versatile usage.

Technical Specifications

Voltage	3.6 V
Battery Capacity	1300 mAh
No-load Speed	230 rpm
Maximum Torque	4.5 N.m
Chuck Size	1/4 inch
