

Cordless Electric Screwdriver

This electric screwdriver features an ergonomic grip and multiple attachments. It offers variable speed control and a built-in LED light for use in low-light conditions.

Product Overview

Professional Cordless Electric Screwdriver

This heavy-duty cordless electric screwdriver is engineered for high-performance fastening, delivering up to 40 kgf.cm of torque. Designed for efficiency and portability, it eliminates the need for a constant AC power supply, allowing for unrestricted movement in any workspace. The tool features a replaceable carbon brush motor to ensure a long operational lifespan, combined with an ergonomic design for comfortable handling.
