Overview

Professional Reach and Power

This cordless extendable pole saw is engineered for high-efficiency tree and shrub maintenance without the need for ladders. Featuring a powerful brushless motor, it delivers consistent performance with reduced noise and vibration. The aluminum shaft extends up to 13 feet, providing excellent reach for trimming high branches safely from the ground.

Performance

Performance Metrics

17 m/s

Max Chain Speed

9000 rpm

Max No-load Speed

Key Motor Features

Brushless Motor, Instant Start, Low Noise, Low Vibration

Technical Specifications

Technical Details

Feature	Value
Voltage	40V DC
Weight (without battery)	5.5 kg
Oil Tank Capacity	105 ml

Compatible Battery Capacities

- 2.5Ah
- 5.0Ah
- 7.5Ah
- 20Ah

Safety and Operation

Safety Features

Chain Kickback Brake • Automatic Lubrication • Tool-less Chain Tensioning

Maximum Reach

13 ft
