

Cordless Hair Clipper with Attachment Combs

This electric hair clipper features a precision cutting blade. It has a powerful motor for efficient hair trimming and styling and includes multiple attachment combs.

Product Overview

Versatile Cordless Performance

This professional-grade cordless hair clipper is designed for precision and ease of use in both salon and home environments. Equipped with a powerful motor and a long-lasting rechargeable battery, it ensures consistent cutting performance. The inclusion of nine distinct attachment combs allows for comprehensive styling options, while the IPX5 waterproof rating simplifies maintenance and cleaning.
