Product Overview

High-Performance Cordless Cleaning

This cordless handheld vacuum is engineered with a powerful 250W BLDC motor, delivering robust suction capabilities of up to 19KPa for efficient cleaning. Designed for versatility and ease of use, it features a multi-stage filtration system including HEPA filters to capture fine dust and allergens. With a lightweight, ergonomic design and included specialized attachments, it is an ideal solution for both quick cleanups and thorough whole-home maintenance.
