Product Overview

Versatile Cordless Performance

This cordless impact drill is engineered for professional contractors and DIY enthusiasts alike, offering a robust brushless motor for extended runtime and reliability. It excels in drilling, fastening, and hammer drilling across materials like wood, metal, plastic, and concrete. Designed with user comfort in mind, the compact, ergonomic frame features a soft grip and integrated LED lighting, making it ideal for precision work in tight or dimly lit spaces.

Performance Metrics

Core Performance

45 N.m

Max Torque (Low)

21000 bpm

Max Impact Rate

1500 rpm

High Speed

Technical Specifications

Drilling Capacities

Material	Max Capacity
Steel	13mm
Wood	38mm
Masonry	13mm

Power & Speed

- Voltage: 20V
- Battery Compatibility: 2.0Ah / 4.0Ah
- No-load Speed (Low): 0-430/min
- No-load Speed (High): 0-1500/min
- Impact Rate (Low): 0-5500/min
- Torque Settings: 18+1+1

Key Features

Highlights

Brushless Motor, Cordless, Impact Drill, Two-Speed Gearbox, Variable Speed Control, Integrated LED Work Light, Ergonomic Soft Grip, Electronic Battery Protection
