

Cordless Impact Wrench

This cordless impact wrench is designed for heavy-duty fastening applications. It features a robust motor that delivers high torque for efficiently tightening and loosening bolts and nuts.

Product Overview

Professional Cordless Impact Wrench

This high-performance cordless impact wrench is engineered for efficient fastening in demanding environments like automotive repair and construction. It features a robust motor design with replaceable brushes for extended service life and a variable-speed control system for precision tasks. The advanced Li-ion battery technology provides stable voltage and high efficiency, while the ergonomic anti-slip grip ensures comfort during prolonged use.

Technical Specifications

Operating Voltage	18 V
Battery Capacity	3 Ah
Power Source	Li-ion Battery

Features

Performance Control

- Variable-speed control
- Electronic brake system
- Forward/reverse switch
- Integrated LED work light

Construction Details

Anti-slip soft grip • Replaceable brushes • Electronic battery protection

Package Contents
