

Cordless Leaf Blower 20V

This cordless leaf blower is designed for efficient and convenient garden maintenance. Powered by a 20V battery, it delivers ample blowing power for clearing leaves, debris, and grass clippings from lawns, patios, and driveways.

Overview

Efficient Garden Maintenance

This cordless leaf blower is designed for versatile cleaning tasks, effectively clearing leaves and snow from courtyards, roads, schools, and hospitals. It features a lightweight, ergonomic design with an adjustable handle for maximum user comfort during operation. Powered by a high-performance lithium battery, it provides an eco-friendly, low-noise solution for maintaining clean and beautiful outdoor spaces.
