

Cordless Lithium-Ion Drill/Driver

This cordless drill/driver is powered by a lithium-ion battery. It features variable speed control, adjustable torque settings, and a keyless chuck.

Overview

Professional Cordless Drill and Driver

This compact and lightweight lithium-ion cordless drill is engineered for versatility in both drilling and screwdriving tasks. Designed with an ergonomic handle to minimize user fatigue, it provides high control for precise applications. The tool features an adjustable 19+1 torque setting, making it an ideal choice for professionals who require consistent performance in various assembly or repair environments.
