

Cordless Oscillating Multi-Tool Kit

This cordless oscillating multi-tool kit features a powerful motor and variable speed control. It comes with multiple attachments for sawing, sanding, scraping, and grinding, along with two lithium-ion batteries and a charger.

Product Overview

Versatile Multi-Tool Solution

This cordless oscillating multi-tool kit is engineered for professional versatility, enabling efficient cutting, grinding, and drilling across various materials. Featuring a high-performance motor and a quick accessory change system, it minimizes downtime on the job site. The kit includes two high-capacity 4.0Ah lithium-ion batteries, ensuring extended runtime for demanding applications.

Technical Specifications

Battery Capacity

4 Ah

Capacity

Power Source

Cordless (Lithium-Ion)

Primary Applications

Cutting, Grinding, Drilling, Sawing, Sanding, Scraping

Kit Contents

Included Components

- Oscillating Multi-Tool
- 2 x Lithium-Ion Batteries
