

Cordless Stick Vacuum Cleaner

This cordless stick vacuum cleaner has a lightweight design and powerful suction. It includes multiple attachments and a HEPA filtration system.

Product Overview

Versatile Cleaning Solution

This cordless stick vacuum is engineered for professional and residential environments, combining a lightweight frame with powerful suction performance. The integrated lithium-ion battery ensures extended runtimes and consistent power delivery for demanding cleaning tasks. Featuring an advanced HEPA filtration system, it effectively captures allergens and fine dust particles to maintain optimal air quality.
