

Cordless Wet/Dry Handheld Vacuum

This rechargeable handheld vacuum cleaner is designed for both wet and dry cleaning tasks. Its compact and lightweight design makes it easy to maneuver and store.

Product Overview

Versatile Cleaning Solution

This cordless wet and dry handheld vacuum provides efficient cleaning power for home, office, or automotive environments. Its lightweight, ergonomic design ensures easy handling, while the high-power motor maintains suction for both liquid spills and dry debris. Featuring a convenient wall-mountable charging station, this unit is always ready for quick, on-the-go maintenance.
