Product Overview

Dual-Function Beauty Essential

This versatile cosmetic mirror combines precision lighting with an integrated cooling fan, designed to streamline your makeup and skincare routines. Featuring a 180-degree swiveling face, it offers flexible viewing angles for detailed application. The built-in LED system allows for adjustable light intensity, while the embedded fan helps keep you cool and comfortable during use.

Physical Specifications

Mirror Diameter	16.5 cm
Primary Material	Plastic
Tilt Adjustment	180 degrees

Power & Performance

Available Models

Model	Power Source
BCM-1218R	Rechargeable (600mAh Lithium Battery)
BCM-1218YF	4x AA Batteries (Not included)

Input Voltage	DC 5V/1A
