

Cotton String Wet Mop with Long Handle

This is a cotton string wet mop designed for effective floor cleaning. It features a long, durable handle and an absorbent cotton string mop head suitable for various surfaces.

Product Overview

Professional Cotton String Wet Mop

This durable cotton string wet mop is engineered for efficient floor maintenance in commercial and professional environments. Featuring a highly absorbent cotton head, it is designed to tackle spills and dirt effectively on a variety of hard surfaces including tile, hardwood, and linoleum. The long, ergonomic handle ensures comfortable operation, reducing strain during extended cleaning tasks.
