

Countertop Beer Dispenser with 6L Capacity

This countertop beer dispenser is designed for chilling standard 5L and 6L mini-kegs. It features a pressurized tap system and adjustable thermostat.

Product Overview

Professional Countertop Beverage Dispenser

This versatile countertop dispenser is engineered for both convenience and professional-grade performance. Featuring an integrated import pump system, it ensures consistent flow for various beverages including beer, mineral water, and juices. Its compact design and multi-capacity compatibility make it an ideal solution for small-scale commercial environments or premium hosting settings.
