

CP45 SMT Pick and Place Nozzle TN04

This pick and place nozzle is compatible with CP45 SMT machines. It ensures accurate and reliable component placement during PCB assembly.

Product Overview

High-Precision SMT Nozzle

This high-quality SMT pick and place nozzle is designed for precision component handling in automated assembly environments. Engineered for durability and reliable performance, it ensures accurate placement and helps maintain optimal production efficiency. This component is available in both original and high-quality compatible formats to suit diverse maintenance requirements.

Technical Specifications

Nozzle Series	TN04
Manufacturer Part Number	J7055246A
Outer Diameter	0.75 mm
Inner Diameter	0.38 mm

Compatibility

Compatible Machine Series	CP45, CP45 FV
