

Craft Paper Velcro Sanding Discs 107mm x 201mm

These craft paper sanding discs are designed with a velcro backing for quick changes. They are perforated for efficient dust extraction and come in various grits.

Product Overview

Professional Grade Sanding Performance

These C-weight craft paper mouse sanding discs are engineered for precision detail sanding and finishing tasks. Featuring a convenient velcro backing, they allow for rapid disc changes, significantly improving workflow efficiency. The design incorporates multiple perforations to ensure effective dust extraction, which helps maintain a cleaner workspace and extends the lifespan of the abrasive material.
